General Responsibilities:

ABOUT GUERDON:

Guerdon Modular Buildings is the leading systems-built, off-site producer of large modular commercial & multi-family residential construction projects in the Western United States and Canada.

Guerdon's industry leading team includes in-house design, engineering, estimating, licensed trades, production supervision and quality assurance specialists at every step of the process. Our climate controlled manufacturing facility and multi-stage in plant inspections provide greater efficiency and control over a project's timeline, budget and quality.

ABOUT THE POSITION:

Guerdon Enterprises is seeking qualified Revit Drafters for our internal Design & Engineering Department. The position will be responsible for producing Framing, Mechanical, Electrical and Plumbing Shop Drawings for our manufacturing facility. Projects will include wood framed Multi-Family, Hospitality and Light Commercial throughout the Western US and Canada. This is a great introduction to the Design & Engineering process with opportunities for growth throughout the company. All work will be completed in the current release of Revit Architecture. Candidate must be able to work in a team atmosphere with other design professionals and construction workforce. Must be able to work in an extremely fast paced assembly line environment and possess the ability to handle multiple priorities at one time.

EITC STUDENT JOB POSTING

Job Qualifications:

- AAS in drafting technology or equivalent
- Revit Architecture experience
- An accountable attitude with a commitment to accuracy
- Good people skills, good attitude, and the ability to operate as part of a team

Applicants must be currently authorized to work in the United States on a full-time basis and must be able to pass a pre-employment drug and background screen.

Guerdon Enterprises is an EEO employer.
