Arts – 60 credits

General

Education Requirements – 36 credits

Note:

Of the total 60 credit hours, 36-38 must be selected from the general education requirements shown below outlined by the state of Idaho. The remaining 24 credit hours will be chosen from the pathway of a student's choice. In the AS Degree, of those 24 credit hours, a greater emphasis will be put on sciences and mathematics. An advisor will help the student select courses so he/she will complete the classes most beneficial for his/her chosen field. These courses will also ensure that if the student chooses to go on for their Bachelor's Degree, they can arrive at the University of their choosing as true juniors.
