RE: Business News Announcement

Lester (Les) Scott has been named Director of Facilities for College of Eastern Idaho (CEI). Les holds a Bachelor of Science in Engineering from Idaho State University and has over 31 years of both technical and leadership experience at Idaho National Laboratory (INL). His experience includes operations, maintenance, engineering, and management. He has held a variety of positions during his career including: Operations Lead, Lead Engineer, Process Engineer, Quality Engineer, and management. He also has experience in the development of operating and maintenance procedures and training, and has served on numerous boards and committees. Outside of work, Les enjoys outdoor activities, watercolor painting, and photography.

Les's background and experience are invaluable. CEI is confident that he will prove to be a valuable asset and leader at our new and growing community college.
