ADMISSION INFORMATION AND CRITERIA FOR MA PROGRAM

Thank you for your interest in the CEI MA Program. Medical Assisting is a demanding discipline. We urge you to recognize the commitment that is essential if one is to be successful in this program. **Prior to making application to the program, individuals should give careful consideration to the mental and physical demands of the program and the pressures involved in undertaking the responsibilities of being a health provider student.**

Professional Program Entrance Application Deadlines & Requirements

Begin your application process as early as possible so that you have ample time to complete all of the requirements. Be sure to meet with your advisor each semester, where questions can be answered and individual assistance can be provided. Meeting the minimum criteria for admission does not guarantee admission into the programs.

- Packets will only be accepted during the first full week of every March.
- Program coordinators will no longer be meeting with students to review packets before packet submissions. There will be packet workshops in February to answer any questions you may have with the process. Please watch your email for the workshop days and times once the spring semester has begun.
- Turn packets in to Student Services in building 3 room 300.
- Candidates for admission are selected based on available space, completion of packet, and day and time your packet was received in Student Services.
- Those that have met entrance requirements, submit application, and are not admitted, will be placed on an alternate list, which may require applicants to resubmit their packet.
- Please notify Student Services **and** the Health Professions division office of any contact information changes.
