

CEI RN Application Packet FAQ

This document is a recap of the most frequently asked questions relating to the completion of the RN application packet. ***Please be advised, it is the responsibility of the applicant to thoroughly read the application packet and all associated paperwork and submit a complete application.***

As a reminder, an E-mail was sent out in April of 2018, to as many contacts as we were aware, letting you know that the application process would be changing. It also states in the CEI catalog at the bottom of page 1 that:

“Catalogs, bulletins, and course or fee schedules shall not be considered as binding contracts between College of Eastern Idaho and students. College of Eastern Idaho reserves the right at any time without advance notice to: cancel courses and terminate programs; change fee schedules; change the student calendar; change admissions and registration fee requirements; change the regulations and requirements governing instruction in, and graduation from, the institution and its various divisions; and change any other regulations affecting students.”

We understand that change can be difficult. We are hopeful that these changes and future changes will have a positive impact on the application selection process. If after thoroughly reviewing the application packet and this FAQ sheet you still have a questions about the process, please contact Rebecca Killion Administrative Assistant at (208) 535-5437.
