

Certified Nursing Assistant Training

Begin a career in health care as a Certified Nursing Assistant. You will be trained to immediately enter the workforce and provide hands-on, personal care in numerous settings, including hospitals, long-term care and assisted living facilities, home health and hospice. The class components include online assignments, class skills practice, and clinical experience at local healthcare facilities. Successful completion provides eligibility to take the state exams required for placement on the Idaho Nurse Aide registry. These exams are offered at CEI.

Opportunities abound for immediate employment!
