

Company Overview:

College of Eastern Idaho (CEI) provides open access to affordable, high-quality education designed to meet the evolving needs of students, regional employers, and the broader community. From college pathways and early college programs to workforce training and industry certifications, CEI creates flexible opportunities that help students start here and go anywhere. With courses that transfer seamlessly and programs built in partnership with local industry, CEI plays a direct role in strengthening eastern Idaho's workforce and economy.

Rooted in student success, CEI equips learners with essential skills in communication, and critical thinking, preparing them to contribute meaningfully in their careers and communities. Through a commitment to innovation, collaboration, and real-world impact, CEI is **redefining what comes next**.
